Pub Date :2009-08-01 Pages: 167 Publisher: Beijing Normal University Press Introduction Many phenomena show that many middle school students own method of learning. interpersonal and self-awareness. and personalized learning characteristics demand no effective response from teachers and actively guide and not fully feel the joy of learning. Companion training school teachers in the education and training of a new way. a relatively large difference between traditional training. The previous teacher training and more one-way learning education mainly through lectures. reports. experience. learning theory books. etc. to achieve the purpose of education. to improve the professionalism of teachers. Teacher education as an adult learning and the learning of the student should be significantly different. because the teachers have a certain background. professional experience; teachers relatively independent work environment. not easy to form a unified specification operations mode. individual experience differences tend to make the teaching effect is quite different. Therefore. it should be full respect for the teachers of practical experience. and efforts to their experiences and insights as a mutual learning resources. mutual exchange and sharing. and promote...

### Reviews

*Very useful to all of category of people. I actually have read through and that i am sure that i will likely to go through once more again in the foreseeable future. I realized this book from my i and dad advised this publication to find out.*  
-- Alta Kirlin

*This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.*
