ABJ Press. Paperback. Book Condition: new. BRAND NEW, How the World Really Works, Alan B. Jones, More and more Americans are coming to feel that something has gone fundamentally wrong in our society. We have suffered repetitive wars, big and small, some won and some lost, but with the peace always lost. Our society has been drained of around \$5 trillion in welfare costs since LBJ's War on Poverty was declared, but with no diminution in the incidence of "poverty". Our "War on Drugs" has also been lost, with its societal costs running around \$500 billion per year. The cost of fixes for runaway environmentalism has reached about \$1 trillion since the birth of the EPA in 1970. Our national debt is over \$5 trillion and still going up. Two breadwinners per family has become normal, just to keep bread on the table. Americans feel put upon, and they are right, but they don't know who's doing it to them or why. Such issues have been pondered by researchers for many years, but the historical facts are finally bringing the pieces of the puzzle together. This book paints a picture of that largely completed puzzle, and lays out who the culprits are, why they are doing what they are doing, and how they are managing to pull off what is probably the biggest mass robbery of wealth and individual freedom in human history. Your reading this book will help to expose and stop the destruction, and help to guarantee a future of freedom rather than slavery for your children.
