This premium quality large print volume includes the complete and unabridged text of H. G. Wells original science fiction classic -- The First Men in the Moon -- an enduring and still-popular work which exerted a huge influence on the science fiction genre which continues today. Also included in this volume are page headers and an introductory biographical sketch discussing Wells life, work and continuing literary significance. When an injury ended his fathers income as a professional cricketer, Wells parents, on the brink of poverty, apprenticed him to...
