

## A Treatise on Statics, Vol. 1: With Applications to Physics (Classic Reprint)

By George Minchin

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from A Treatise on Statics, Vol. 1: With Applications to Physics It has been thought desirable to bring out the third edition of this work in two volumes, because experience proved that the previous edition contained more than was suitable to the wants of the great majority of students who reach the standard of Undergraduate Honours in Mathematics. The reception of the work in the Universities at home and abroad has made me desirous of rendering it more deserving of the favour accorded to it by high-class students. Accordingly, I determined to reserve for the second volume the more advanced portions of the previous work (those dealing with Non-Coplanar Forces, Attractions, and the Theory of Strain and Stress), and, while greatly extending these portions, to introduce such fresh applications of the subject as would make the work really useful to those, for example, who aim at distinction in the Mathematical Tripos. With regard to the first volume, little needs to be said. It is meant for those who attain the standard of Undergraduate Honours and Scholarships,...
