## Public Budgeting in Context: Structure, Law, Reform and Results

---

By Katherine G. Willoughby

John Wiley & Sons Inc. Hardback. Book Condition: new. BRAND NEW, Public Budgeting in Context: Structure, Law, Reform and Results, Katherine G. Willoughby, Public budgeting structure, process, legal framework and policy with examples from industrialized and developing countries Public Budgeting in Context examines budgeting at all levels of U.S. government federal, state, and local and in a sample of governments around the world. The book assesses the context of public budgeting in these governments, especially the legal foundations for its practice and how the process and final budgets are impacted by governance structures, laws, various budget actors and different branches of government. The author presents focused attention on the influences on government budgets of the executive, legislative and judicial branches of government, the bureaucracy, the public and the media. In light of worldwide fiscal malaise, especially during and since the Great Recession, this book illustrates the heightened complexity of the budgeting environment that pervades all governments today industrialized or developing, large or small. For those who like to dive into the details, the book presents numerous examples of public budgeting as practiced and points to the wealth of data available for analyses of the budgetary context and process, budget shares...
