We use many of these plants merely for decorating our homes or spicing up our foods when in fact, they hold the secret to curing many deadly diseases and improving our lifestyle in novel ways. Our ancestors were aware of the health benefits of these plants but we have forgotten them in favor of contemporary medicine. We spend so much on health treatments when all we need is to inculcate these plants into our routine lives to take care of many dangerous health conditions. Of the many beneficial spices and herbs that nature has provided, oregano is one of particular note. Known scientifically as *origanum vulgare*, it belongs to the mint family and belongs originally to the warm to moderate regions of Eurasia and the Mediterranean. Having a height ranging from twenty to eighty centimeters, it is characterized by opposite leaves and flowers that are purple and...
